

OUR E-LEARN

E-LEARNING ALLOWS ANYONE TO ACCESS TRAINING FROM ANY LOCATION, AT ANY TIME, WHEN IT IS CONVENIENT. SAVE LOSS OF TIME AND PRODUCTIVITY BY COMPLETING YOUR CROSS CULTURAL TRAINING ONLINE.

A training course developed by Cross Cultural Consultants (CCC) intended for individuals, companies and teams working either long-term or short-term in an Indigenous setting across the Northern Territory. Totally interactive with quizzes and case studies, this eLearn is self-paced and can be completed in one hour.

This course assists people to better understand effectively work, and efficiently communicate with people of Aboriginal and Torres Strait Islander backgrounds, in a number of contexts and settings. This includes Indigenous Australia.

The following learning outcomes will be addressed:

UNDERSTAND

Why Cross Cultural Training is important to working effectively across cultures.

DISTINGUISH

Between 'surface culture' and 'deep culture'.

RECOGNISE

Some of the invisible rules that exist within cultures.

UNDERSTAND

Differences between Individualist and Collectivist cultures.

Not intended to replace face to face delivery or participatory learning through hands on workshops, the eLearn is to fill the current gap across inductive processes and deliver a consistent message of the importance of being culturally aware and competent.

It is intended that people who are working more intensively in Indigenous service delivery or policy development impacting on Indigenous service delivery attend the extended suits of facilitated workshops offered by Cross Cultural Consultants.
